✓ Known Issues Platform

# New Known Issues Platform

- Central platform for tracking and managing known issues impacting Ex Libris products.
- Provide a transparent and user-friendly experience for staying informed about current issues and their progress.

Rollout: H1 2025

The screenshot shows the 'Known Issues' platform interface. At the top, there is a search bar labeled 'Search Known Issues' and navigation links for 'Idea Exchange', 'Known Issues', 'Help', 'Known Trust', and 'Issue Description'. There are also 'Sign up' and 'Log in' buttons. Below the navigation is a table titled 'Known Issues' with the following columns: Product, Category, Issue (High-Level Description), Status, Published Date, Updated, and Reports.

Product	Category	Issue (High-Level Description)	Status	Published Date	Updated	Reports
Primo	Browse Search	Browse Search and Virtual Browse can include records restricted or suppressed from discovery, but users will be blocked from accessing them.	In Review	10/05/2024	12/05/2024	12
Primo	Search	When using the <b>"equals exact phrase"</b> search operator for authors and subjects, search terms are not highlighted in the results if the query contains multiple words.	Solution Scheduled	10/04/2023	01/04/2024	8
Primo	My Library Card	The remaining balance is displayed instead of the original amount for closed fine types in My Library Card.	Fixed	11/01/2024	05/03/2024	21
Primo	Advanced and Basic Search	For advanced searches and basic searches using either the Pre-filter Bar or the new Resource Type Filter Bar, filtering by resource type (such as Images) in WorldCat scopes does not return items with the correct resource type. Currently, there is no plan to fix this issue.	In Review	14/05/2024	15/05/2024	5
